

National AACTFest Recognition Awards

S

Below is a list of special recognition awards used at the National AACTFest. There is neither a minimum nor a maximum number to be given for any award. Other awards may be given if the adjudicators agree that there is some other achievement deserving special recognition. It is best to avoid giving awards that state or imply "best _____." All special recognition awards are optional and no award needs to be given in a category where the adjudicators believe none is deserved.
